

**Purely Business!**

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more. A merchant can lose over his customer five cents of profit or more. A newspaper is a business, and its columns are a cash value. It is a business, and its columns are a cash value. It is a business, and its columns are a cash value.

**The Continued Calls**

upon this paper for free notices have become so numerous that we are forced to publish the following terms:

**For Notices of Suppliers.**

Merchants, farmers, or other public order notices where a fee is charged, and for ordinary notices, resolutions of respect, etc., the Leader will charge five cents a line, and hereafter this will be the standard rate. This, however.

**Does Not Include**

notices of Lodge meetings or Church services, which must not exceed ten lines.

**Avoidance of Disputes.**

Misunderstandings are unpleasant. The rate for business notices in this paper is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. Resolutions of respect, etc., the Leader will charge five cents a line, and hereafter this will be the standard rate. This, however.

All last winter Mr. George A. Mills of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. After using it for three days my rheumatism was gone and has not returned since." For sale by J. James Wood, Druggist.

Simon S. Hartman of Tinseltown, W. Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as at other times, and concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I took one dose of it and it gave me relief in five minutes. That is more than anything else has ever done for me." For sale by J. James Wood, Druggist.

**LAI O REST.**

Remains of Dr. D. D. Peck Tenderly Consigned to Mother Earth.

The funeral of the late Dr. D. D. Peck of Helena was largely attended Thursday.

An immense crowd witnessed the interment at Flemingsburg.

The Rev. Leonidas Robinson conducted the religious services at the M. E. Church, South, Helena, assisted by the Rev. Dr. C. Pope and Rev. Daniel Robertson.

The Oddfellows had charge of the ceremonies. Dr. M. H. Davis of Maysville was Grand Marshal, while William H. Cox, Thomas A. Davis, Rev. L. Robinson and Byron Hall conducted the rites at the grave.

The pallbearers were three Masons and three Knights of Pythias.

All the parties who officiated had been designated in writing by the deceased Brother.

A card on the office door says: "Come to lunch. He back in ten minutes." And the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or may be he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "boils" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no cure of biliousness, constipation, indigestion, "heartburn" or any of the rest of the nightmare breeding brood that these little "Pellets" will not cure. They cure permanently. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 100-page "Common Sense Medical Adviser," profusely illustrated.

**A GREAT INSTITUTION.**

The Y. M. C. A. of This Country is Beneficial to Young Men.

The Young Men's Christian Association of the world are a great power wherever they are established, yet they have not reached but a small part of their possibilities.

The first Association was organized in London June 4th, 1844, by Sir George Williams, who is now one of the greatest drygoods merchants in that city, and when the first Association was organized he was but a poor clerk in the mammoth establishment of which he is now the head.

There are now nearly 3,000 Associations in the world and 1,400 in America. A large proportion own buildings valued at from \$10,000 to over \$1,000,000. The Associations at Malacca, Calcutta, Cape Town, Jerusalem, Tokio, Hong Kong and many other Oriental cities have fine buildings. The Chicago Y. M. C. A. has the largest in the world. It is thirteen stories high and cost \$1,000,000, and it costs \$50,000 a year to meet the current expenses. Besides this the Chicago Y. M. C. A. gives over \$15,000 a year to assist in the maintenance of the international, state and foreign training school work.

There are fifteen different Associations in Chicago, sixteen in New York, seven in Philadelphia and nine in Brooklyn.

The Cleveland Association central building cost \$269,000, and they have 3,000 members and 1,050 of these are in the twenty-seven different evening educational classes, which are free to members. Most of the Associations conduct evening educational classes. It is the intention of the Y. M. C. A. here to have several branches in the evening educational classes for the young men.

There are thirty Associations in Kentucky, with a membership of 4,500. Twelve of these are in the colleges and two are for railroad men. All have rented rooms, but the Louisville Association has \$95,000 towards a \$150,000 building, and the Owensboro people have subscribed \$25,000 towards a \$30,000 structure in their city.

Each Association has a General Secretary, and most have Assistants and Physical Directors. In some places the Secretary does the physical work, conducting classes and making physical examinations, etc. The work in Kentucky is under the supervision of a State Committee, members of which are located in each city. Hon. William H. Cox being the representative here. Mr. Henry E. Rose is the State Secretary and Mr. Archibald Hill the College Secretary. Their work is devoted to organizing and developing Associations, conducting with Directors and improving the work in general.

There are 220 towns with over 300 inhabitants where some special work for young men should be done in the state. The work of organizing here goes steadily on, and the young men are thought to tomorrow the canvass will be about complete, and the committee doesn't wish to slight any young man.

A vigorous canvass will be made today and tonight, and by Sunday it is expected to give the public a statement as to what has been accomplished.

The Oddfellows at Somerset are arranging to build a handsome Temple in the summer.

The will of Valentine O. Pinckard, formerly of this city, who died recently in Cincinnati, leaves \$300 to his daughter, Mrs. R. M. King; \$100 to his son, Charles Phillips, and the balance of his property to his wife Tillie, who is named as executrix. The estate is \$2,000 in personal and \$8,000 in realty.

**WHAT'LL HAPPEN.**

If the Legislature Doesn't Elect, There'll Be a Year's Vacancy.

If the Legislature adjourns without electing a Senator Governor Bradley would have no authority to appoint a Senator.

The only contingencies in which the Governor can appoint in case of death or resignation, and if the deadlock continues to the end of the session the effect of it will be to make a vacancy in that office from March 4th, 1897, to the meeting of the next Legislature and the election of a Senator in January, 1898.

## REV. ZEPHANIAH MEEK, D.D.

Eminent Methodist Divine Cured of  
Nerve Trouble By Paine's Cel-  
ery Compound.

Rev. Zephaniah Meek, D.D., is a household name all over the South. Since 1867 he has owned and edited The Central Methodist, the leading paper of the Methodist Episcopal Church in the South. He represented his state at the General Conference.

He was one of the Kentucky Commissioners at the Chicago Columbian Exposition. During his Ministry in the South he has built and dedicated five Churches. He writes from Chattanooga, Ky., where his home is, as follows:

"I have used several bottles of Paine's Celery Compound for nervous trouble, resulting from overwork, and with immediate effect, as well as permanent benefit. It is the best nerve tonic that I have ever tried. It has also been used in my family with great benefit."

Tired out, half sick men and women need something more than a mere rest. They need a positive, unmistakable nerve food. They must have a reserve of nerve force to draw from when their heads will cease to ache and their nerves cease to tremble with neuritis.

It is estimated that there are over ten million nerve fibres in the body. So long as these minute tissues are kept fully nourished, one lives in blissful ignorance of any such thing as neuritis, headaches, or even a nervous system, but let one become "run down" and the nutrition of the body gets low, and every one of these myriad fibres becomes a "live wire" within the flesh. Headaches, neuritis, rheumatism and other forms of nervousness and debility result directly from a famished nervous system. Paine's Celery Compound is able to correct this faulty condition. It builds up the nervous system and sustains it. The brain at once feels the strengthening effects of the superb nutriment. There are thousands of men and women today who

have been enabled to keep vigorously at work, who must have given up but for Paine's Celery Compound.

Nervous affections are a warning to every person.

At the earliest sign of reduced nerve force, inability to sleep, languor, or a gloomy habit of mind, everyone should seek immediately the nutrition of their nervous system and to the purity of their blood. Paine's Celery Compound will attend to both of these urgent needs more thoroughly and more speedily than anything else in the world. Paine's Celery Compound is not to be confounded with the common preparations, the same, parishes and nervines. Being the discovery of a man of science, Professor Edward E. Phelps, D.D., LL.D., of Dartmouth College, it has the support of the best physicians, they prescribe it universally, and the many sick persons made well by its use prove that this support is merited.

To the great majority of business men, to say nothing of those of three months of complete inactivity, is out of the question at this season, even when the brains demand a complete rest and their nerves ache and threaten them with prostration. Now, there are hundreds of business men and hard-worked professional men in this city in just this condition. What are they to do? Those who are tired out, "run down" and debilitated at this trying season will do well to rest some of the straitforward and convincing statements from the men and women who have been cured by Paine's Celery Compound.

Nervous weakness vanishes before Paine's Celery Compound as mist before the strong, health-giving rays of the sun. Convince yourself of the fact at once, if your health is at all impaired.

ALAS! TOO TRUE!

No Kind Heart Goes Out to a Poor, Fallen Woman.

An exchange has the following, which is, unfortunately, too true:

"Let a young man fall, step to the side of vice, drunkenness, or become a criminal, all hearts and hands are at his command for redemption's sake."

The Hudson is now receiving at Cincinnati and will pass up tomorrow night for Pittsburgh.

The two boats, R. B. Kendall sunk at Charleston, having been loaded too heavy with coal.

The Keynote State passed up last night for Pittsburgh. She took on a large lot of freight here.

The Silver Wave has been hauled on the marine ways at Cincinnati. Captain Edgerton is there Superintending the work.

The snowfall during Wednesday throughout the upper portion of the valley and the mountain regions was very heavy, and extended to Warren, Pa., and the fastnesses of the Allegheny mountains.

The Weather Bureau records the snowfalls as follows: Pittsburgh .80, Parkersburg .50, Radford .20, Clinton .30, Charleston .65, Point Pleasant .53, Cincinnati .34, Portsmouth .28 and Cincinnati .14. With 114 feet at Wheeling the river is rising from there here, where there is now a 14-foot stage. The prospect is excellent for a big river, as the weather promises to be moderating Friday and it has already begun warming up in the Allegheny and Kanawha valleys.

## A Sufferer Cured

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would break, and several of my fingers are now crooked from this cause. On my hand I carry large scars, but for

Ayer's Sarsaparilla, would be more, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use of it has perfected the cure."—O. C. DAVIS, Wanton, Wis.
